Order Form – Address research

The German-British Chamber can provide you with a list of German companies in most industry sectors. Company lists normally contain company name and address and also, where available, telephone and fax numbers, e-mail and internet addresses.

You can request details of companies, industry and trade associations or trade publications in Germany. We can refine the search according to product / service classification, location, number of employees and / or turnover. Please note that industry classifications could represent the company's main area of business or a secondary line.

Lists are delivered as an Excel file within three to four working days after payment is received.
