Environmental Consultancy Service – Application Form

We can help you to fulfil your legal obligations

The Chamber offers British companies a **consultancy service**, in which we help UK-based companies fulfil the legal requirements for packaging introduced to the German market.

We have divided the service into the following two tiers:

1. In **Tier 1** we explain your obligations under German Law and search recycling schemes for the best licensing deal for **£220 + VAT**.
2. In **Tier 2 (from £330 + VAT p.a.)**, our dedicated German-speaking experts:
 - get to know your company and products
 - put you in touch with key organisations
 - advise what legislation will affect you
 - undertake the initial application to schemes and liaise with them on your company's behalf
 - calculate the fees applicable
 - complete all relevant documentation, including annual reporting
 - keep you fully informed of all the latest news and developments in English
 - offer advice when dealing with the Central Packaging Register (LUCID)

*New Tier 2 clients receive a **50% discount** in their first year.*

Please complete and return the following questionnaire and we will advise you on the next steps for making your sales on the German market compliant with the legal obligations.

Prices are valid until 30 January 2026.
