

***Packaging with Vision:
Fast, Secure, and Sustainable
Shipment Solutions***

Description	ColomPac® is a leading European brand for professional e-commerce and dispatch packaging, offering high-quality corrugated and solid board solutions designed for fast, secure, and sustainable shipping. The brand is part of Dinkhauser Kartonagen, a family-run packaging company founded in 1848 and based in Hall in Tyrol, Austria. The ColomPac® range includes more than 160 standard packaging products available from stock, including postal boxes, mailers, book wraps, pockets, wallets, instant bottom boxes, Euroboxes, bottle boxes, and gift packaging. Its original self-sealing closure, integrated tear-open strip and robust edge protection help streamline packing processes while ensuring reliable product protection during transit. In addition to its standard range, ColomPac® offers individually designed and custom-printed packaging solutions. From branded e-commerce packaging to packaging concepts for unusual product sizes or weights, the brand combines practical handling, strong protection, and sustainability with a high-quality unboxing experience.
Type of Company	Manufacturer and developer of corrugated and solid board packaging solutions, including: • ColomPac® self-sealing dispatch packaging • E-commerce shipment packaging • Mailers and book wraps • Pockets and wallets • Postal boxes • Instant bottom boxes and Euroboxes • Long postal boxes • Wine and gift packaging • Custom-printed and individually developed packaging solutions
Target Industries	• Packaging wholesalers • Online shops and e-commerce retailers • Fulfilment centres • Printing companies • Logistics providers • Book and photo-book dispatchers • Fashion brands and online fashion retailers

	• 3PL providers • Spare parts distributors • Companies requiring supplementary products such as envelopes, labels, and other corrugated/cardboard packaging
Competitive Advantages	+ Recognised European E-Commerce Packaging Brand: ColomPac® is positioned as a leading brand for professional e-commerce packaging, offering reliable solutions for companies that require secure, efficient, and high-quality dispatch packaging. + Large Standard Range Available from Stock: With more than 160 products in the ColomPac® range, customers can select from a broad assortment of ready-to-use shipment packaging for different products, formats, and dispatch requirements. + Fast and Efficient Handling: The original ColomPac® self-sealing closure saves time and reduces the need for additional sealing materials, while instant bottom boxes and easy-assembly designs help streamline packing and fulfilment processes. + Secure Product Protection: Features such as integrated tear-open strips, robust edge protection, double-flute options, safety flaps, and tamper-evident sealing help ensure that products arrive safely and can be opened easily by the end customer. + Customisable and Brand-Enhancing Packaging: ColomPac® packaging can be individually developed and printed using flexographic or offset printing, including interior and exterior designs. This allows customers to turn shipping packaging into a brand communication tool. + Strong Sustainability Credentials: ColomPac® products are FSC® certified and 100% recyclable. The brand also supports efficient material use, optimised logistics, and sustainable packaging development. + All from a Single Source: As part of Dinkhauser Kartonagen and the wider Strong Group, ColomPac® benefits from in-house development, corrugated board production, offset printing, laminating, die cutting, gluing, and logistics expertise.
Current Export Markets	ColomPac® is already active across Europe and has an established partner network in the UK and Ireland. The brand is now seeking to further strengthen its local sales representation and continue developing customer relationships in the British and Irish markets.

Market Entry Agent Search

Ideal UK Partner	The ideal UK partner will take over an established network of customers and partners across the UK and Ireland. Acting mainly as a native-speaking relationship manager, they will maintain existing contacts, support network development and promote ColomPac® packaging solutions, with initial support from the company's internal team.
